EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nils Pederson on 8/24/2005.

The application has been amended as follows:

- a. Claims 14-18: the word "propulsion" has been deleted from the preamble.
- b. Claim 13: the word "means" in line 11 has been changed to "valves"
- c. Claim 13, line 12: the word "value" has been changed to "valves".

Allowable Subject Matter

- 2. Claims 2-6, 8-18 allowed.
- 3. The following is an examiner's statement of reasons for allowance:
- 4. The prior art does not disclose the orientation of the discharge points. Although the language of claims 13 and 18 is broad enough to include all "axis", the examiner asserts that the applicant means the longitudinal axis of the motor casing, since this is the only axis that has been enabled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen A. Holzen whose telephone number is 571-272-6903. The examiner can normally be reached on M-F 8:30-5:00.
